

Every month is Heart month!

CardioChek® P-A Handheld Lipid/Cholesterol Monitor

Come in and ask how
you can reverse
your Heart Age

Did you know that

A Pharmacist can provide the following Heart Health services:

- A full cholesterol breakdown
- Provide your Heart Age – How old are you really on the inside?
- Diabetes risk assessment and glucose counselling
- Dietary education and weight loss program
- Recommendation of supplements and lifestyle changes
- Medication Review and discussion of how to become medication free
